

DATA SHEET

KIO215VRT KIOSK

The KIO215VRT 21.5" kiosk is expertly designed as a Visitor Registration Terminal (VRT) or 'check-in kiosk' for Visitor & Contractor Management in busy reception areas, public events and unattended entry points to buildings, gatehouses and factories.

Incorporating a high definition camera for photo capture, industrial printer for visitor passes, stereo speakers and a QR/barcode scanner which are all neatly and safely integrated within the tamper proof housing. The slimline design with a small footprint features soft curves, trendy tapers and a flush glass finish making it suitable for stylish corporate head office lobbies. Built to withstand a harsh environment in a factory, workshop or high-traffic public space.
