KIOSK II

KIOSK: FEC KIOSK is versatile with flexible configuration and customization. Despite streamline design, it still can integrate with rich components such as credit card readers, printer, scanner, camera, bill acceptor,...etc.

Modular Design: KIOSK II is developed with Core + Peripherals + Stand, with these three combinations, it can be transformed into Desktop, Wall Mount, Pole Mount or Standalone type to fulfill different scenario.

Universal Plate: 5 Universal Plates around the Core body, it gives powerful connectivity to peripheral modules, customized add-ons, and security locks.

CUSTOMIZED ADD-ONS

2nd screen

Alarm LED

Pager System

DM Bracket
