Compartments

Japanese Design,
Manufactured
in Malaysia

Issues Valid
Tax Invoices

The Nexa NE-210 is the perfect entry-level cash register with a sleek design and easy-to-use features.

NE-210 features an intuitive design combined with the features needed for a small business on a budget. It features 8 physical department keys, with 16 available via a shift key. It includes receipt on/off modes and the ability to issue a Tax Invoice receipt on demand after finalising the sale.

Nexa also have available a full range of Cash Registers, POS Terminals and POS peripherals if required, and have proudly been supplying the Australian market for more than 15 years.
