

## Specification Sheet

### Path Chair

**Model Number:** PT16VKT11-----

#### FEATURES

- Incorporates nearly 22 pounds of recycled material, including fishing nets from the ocean, which is the most harmful form of pollution to our marine ecosystems
- Applying the innate laws of physics, instead of bulky levers and knobs, our Gravity Mechanism™ provides automatic support as soon as someone sits in the chair, and even when they recline, simply by using the sitter's weight to provide a custom sitting experience
- Free of Red List Chemicals, the "worst in class" materials, chemicals and elements that are hazardous to humans and our environment
- Available in FormSense Eco Knit™, anti-microbial Lotus fabric, and chrome-free leathers

#### SPECIFICATIONS

- Chair Weight: 41.6 lbs
- Chair Width: 24.41"
- Base Width: 25"
- Support users up to 300lbs in weight, 5'0" - 6'4" in height
- 15 Year Warranty, 5 Year Single Shift (arm pads and textiles)

#### CONFIGURATION DETAILS
