## ► Features

### High quality viewing

Picture quality matters. Regular displays deliver quality, but you expect more. This display features enhanced Full HD 1920 x 1080 resolution. With Full HD for crisp detail paired with high brightness, incredible contrast and realistic colors expect a true to life picture.

### Direct access to the on-screen display settings

AOC's i-Menu allows direct access to the monitor's on-screen display settings utilizing a mouse.

### Designed with wide viewing angles

IPS displays deliver 170/170-degree viewing angles while maintaining consistent image quality and colors from all viewing positions. You can also view your spreadsheets or weekend movies from virtually any angle without compromising color uniformity.

### USB-C technology carries both the power and the display signal in one cable

One cable is all you need. USB Type-C™ technology carries both the power and the display signal and data to the screen in one simple cable. It provides an ultra-clean, sleek look and convenience of a one-cable connection.

### Adaptable and convenient setup

Whether you prefer a wall mount or multi-monitor desk setup, VESA Mount offers the ultimate in flexibility. And when combined with 3rd party accessories, VESA Mount lets you put your monitor whenever you want it.

### Utility of a dual function stand for different set-ups

With a dual function stand you can set up the monitor in different scenarios that fit your work environment.
